**Graduation Requirements Summary** 

Minimum Total Hours	Major Requirements Hours	College & Program Requirements Hours	Carolina Core Hours <sup>3 &amp; 5</sup>	Minimum Overall GPA
122	70	18-21	31-34	2.75

- 1. Regardless of individual course grades, students must maintain a minimum 2.75 cumulative overall GPA.
- 2. Some colleges require a minimum GPA for major courses. Courses indicated below are included in the major GPA for this program of study. A 3.0 GPA must be achieved in all education courses.
- 3. The <u>Carolina Core</u> provides the common core of knowledge, skill and academic experience for all Carolina undergraduate students. Although students may take up to 43 hours to meet all Carolina Core requirements, students in the Early Childhood Education program must complete two Carolina Core approved "overlay-eligible" courses in order to graduate on time and avoid summer courses or taking more than five courses in some semesters.

4. One Life Science and one Physical/Earth Science are required (at least one must be four credit hours with a lab).

For Physical/Earth Science, choose from the following:					
PHYS 101 (3) & Lab (1) – The Physics of How Things Work I	MSCI 101 – The Ocean Environment (4)				
GEOL 101 – Introduction to the Earth (4)	ENVR 101 (3) & Lab (1) – Introduction to the Environment				
GEOL 103 – Environment of the Earth (4)	ENVR 200 – Natural History of South Carolina (4)				
GEOL 201 – Observing the Earth (4)					

- 5. The Carolina Core requires either two approved courses in one Foreign Language or a score of two or higher on the foreign language placement test. If a student in the Early Childhood Education program is not exempted from the foreign language requirement through the foreign language placement test, additional courses may be required to meet all Carolina Core components.
- 6. Information for the Praxis Core exam can be found on the College of Education, Office of Student Services website.
- 7. Must meet all professional program and internship admissions requirements by set deadlines prior to participation in these courses. Professional program and internship admission requirements can be found on the <u>Bulletin</u>.
- 8. A grade of B or better in either EDEC 342P or EDEC 443 is required to meet the dispositions requirement for admission to Internship II. Students making below a grade of B in both these courses are not eligible to progress. An action plan is required for students who make a grade of C or C+ in either EDEC 342P or EDEC 443. For all internship admission requirements, please visit the <u>Bulletin</u>.

## Program Notes:

- Courses designated as "critical" (!) must be taken in the semester in which they are listed.
- Upon completion of 60 hours of course work, including courses specified by the Early Childhood Program, the candidate may apply for admission to the Professional Program in Early Childhood Education. For admission requirements to the Professional Program, please visit the Bulletin.
- Students in the Department of Instruction and Teacher Education will be allowed to repeat one time only, one course offered through a department in the College of Education for which an unsatisfactory grade was earned. If after the first unsatisfactory grade, a student makes an unsatisfactory grade in the repeated course or any other College of Education course, he/she will no longer be eligible to progress in the program.
- All initial teacher licensure programs in the College of Education require extensive field experiences in P-12 schools. All students must read and
  understand the rules and expectations outlined in the Preservice Teacher Education Clinical Experiences Manual. Prior to participating in school field
  experiences, students must have been cleared through a criminal background check and must have a negative test for TB on file with the College of
  Education.

**University Requirements:** Bachelor's degree-seeking students must meet Carolina Core (general education) requirements. For more information regarding these requirements, please visit the <u>Carolina Core</u> page on the University website.
