Minors (non-BA) may be selected from a University-wide list of approved minors. The minor is normally a minimum of 18 hours of prescribed courses in one subject area. Students not selecting such a minor may submit an alternative program of study to satisfy the directed coursework requirement. All alternative programs of study are subject to

approval by the Undergraduate Program Faculty Committee in coordination with the Undergraduate Division. All minor courses or directed coursework must be passed with a grade of C or better.

<u>Note:</u> International Business majors are required to complete four 300-level or higher courses in a foreign language. The Foreign Language Placement test will determine at which level the student will begin. Foreign language courses can be part of the required directed coursework, which may consist of courses toward a minor, cognate, or other coursework.

## b. **Electives** (3-12 hours)

The business school requires one 3-credit elective, and students are strongly encouraged to take a business section of UNIV 101 to fulfill this elective. Additional electives may be needed if a student exempts the foreign language requirement or fulfills Carolina Core requirements with overlay courses. Those credit hours must be replaced with elective credits.

- d. **Foreign Study:** Students majoring in International Business are required to study outside the United States for a period of one semester, normally the spring semester of the academic year in which IBUS 310 is taken, at an approved institution. Exceptions to this requirement will be granted in cases of hardship. Students in regional cohort tracks meet the overseas study requirement at the cohort partner institution.

<sup>\*</sup>Because one or more of these courses may not be offered on campus during the two years that a student may be taking major-level courses, these courses are most appropriate for study abroad.

# Internationalization Requirement (9 hours)

The program also requires 9 hours of course work with international content that may be used to fulfill other degree requirements. Three hours must be taken from an approved list of courses offered by the Moore School of Business which contain international business or international economics content. The following course options can also be used to satisfy the 3 credit hours of this requirement: approved course work containing international business or international economics content, taken at a semester abroad program; an approved Maymester or summer overseas course containing international business or international economics content; an approved internship course in international business wherein a student would obtain discipline-related work experience in a foreign country; or an approved service-learning component. Students may choose from one of the following options to complete the remaining 6-hour requirement:

Language: Two language courses at the 200 level or above

01

Electives: Two approved courses with international content taken either inside or outside the Moore School of Business from a list available in the undergraduate office.
