

Partners for Minorities In Engineering & Computer Science Summer Technical Workshop

2022

A Partnership in Business and Education for Our Future

PMECS provides **gifted minority students** with **cultural and academic activities** and **role models in the career areas of engineering and computer science**. Our major efforts is a series of summer technical workshops which offer **direct exposure to the sciences in a technical environment** which in turn influence development of the students' academic skills.

Apply to attend **ONE** of **THREE** workshops

June 13 - 17: **Daily Commuter** Workshop (Rising 9th-12th grade)

June 26 - July 01: **Overnight** Workshop (Rising 10th-12th grade)

June 28 - July 01: **Overnight** Workshop (Rising 9th grade)

Objectives

- Stimulate increased **interest** in math, science, engineering and computer science.
- Familiarize academically qualified minority students with **career opportunities** in engineering and computer science.
- Inspire students toward **excellence** in their high school course work.

Cost

Minus a registration fee and spending money, **activities are all-expense-paid!**

\$75.00 registration fee must accompany rising freshmen applications*

\$125.00 registration fee must accompany upperclassmen applications*

*A limited number of grants are available (at the request of the counselor) to those students who are financially unable to secure the registration fee.

Location

The Summer Technical Workshop is held at the **University of South Carolina** in Columbia.

Minimum Selection Criteria

- Student must be a minority (African American, Native American or Hispanic)
- Student must be a rising high school freshman, sophomore, junior or senior
- Student must have a minimum overall (B) grade-point average (a few exceptions will be made for underachievers extremely high potential)

NOTE: Limited spots available for upperclassmen (rising sophomores, juniors and seniors)

More Information and Application available at: www.cec.sc.edu/pmecc

**Application
Deadline
April 13
2022**
